The Principal Investigator Association (PIA) is the first and only association exclusively for “Principal Investigators” in all fields of science. PIA is a global community helping our members succeed by providing critical ideas, up-to-date knowledge, relationships and resources.

### Why should you join PIA?

As a **PIA member**, you will have access to invaluable resources for every non-science- related challenge from grant assistance, compliance, mentoring, budgets and time management to human resource issues. You will be a part of an esteemed member group that allow you to expand your network of peers and learn from others. Stay current and sharp by reading the free e-newsletter, Principal Investigator Advisor, attending webinars or PIA’s national conference. And your membership gives you access to special member discounts on many products.

\_\_\_\_ **Sign me up for \$199 to instantly join or renew my membership to PIA for 12 months!** I want to optimally fulfill all my many non-science duties and responsibilities as a Principal Investigator within my chosen field. Send me weekly **P.I. e-ALERT** and monthly **Principal Investigator Advisor** containing the latest news and advice on funding tactics and laboratory management helpful to all fields of science, plus opportunities for continuing professional development.

\_\_\_\_ **Sign me up for a FREE 3-month trial!** I would like to take advantage of the free 3-month trial. I need to send no money at this time. I have absolutely no obligation to purchase anything. But I am able to take advantage of the 25% discount on webinars and receive the **P.I. eAlert** weekly e-newsletter & **Principal Investigator Advisor** monthly newsletter during my trial membership. After my trial membership period, I understand that I need to become an official member to continue to access the benefits.
